

**SOUTH COUNTY DENTAL CARE
&
VENICE ISLAND DENTAL**

Dear Patients:

I consider it a pleasure and a privilege to take care of you and your family, that is why I feel it is essential to bring another dentist into my practice.

I have taken great care in choosing a doctor who will provide you with the type of service you are accustomed to - her name is Dr. Genevieve Garris. Together we will be able to take care of all your dental needs in a timely fashion.

Dr. Genevieve Garris graduated with Honors from Tufts University School of Dental Medicine. She received a Bachelors of Science in Chemistry Cum Laude from the University of Florida. While at Tufts, Dr. Garris earned the prestigious Clinical Excellence Award in Oral and Maxillofacial Surgery.

To add to her achievements, Dr. Garris is currently working on attaining her Fellowship in the Academy of General Dentistry in order to continue to provide the best care possible to her patients. She is an active member in several professional organizations including the American Dental Association and the Florida Dental Association.

Dr. Garris believes that clinical excellence is of equal importance to earning her patients' trust and understanding - what they need to feel comfortable, happy and confident in her care.

When not practicing dentistry, this Naples, Florida native enjoys being close to her family and spending time with her French bulldog, Madeline.

Dr. Crupi and his entire team would like to express their sincerest welcome to Dr. Garris and hope you will give her the opportunity of fulfilling your dental needs.

Regards,

Dr. Brian Crupi
